

We would like to inform you of the latest product launch.

GPS Surround Simulator

Has been launched in record time, due to the superb GPS Golf Simulation engine being graphically superior. The three projected images are blended together seamlessly, giving an enhanced gaming experience. Those in the golf industry that have tested all competitive simulators, truly believe that this is without doubt the most advanced golf simulator that has ever been produced. Featuring 3 high quality projectors, an ultra wide projected strike screen and the enhanced control system. Allowing golfers view to be fully immersed within the golf course environment.

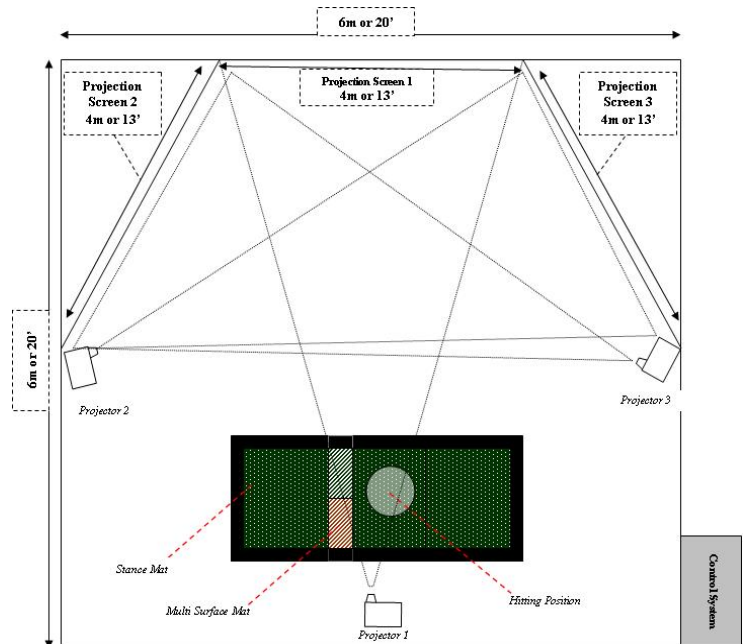

Surround Simulator Made to Measure, Featuring: Celtic Manor 2010

This is the ultimate golfing game play experience, for all Indoor Golf Centres, at a reasonable cost.

GPS Surround Layout

Has been especially designed to enable the Surround Simulator, to be custom fitted into any reasonable sized room. With the projection strike screen being custom manufactured, to clients own exact requirements. Room dimensions will determine the exact location of the 3 projectors and the screen curvature. Sports Coach distributors can advise, on custom designing the surround simulator, to a clients own room requirements.
